### Earth by Natalie

You can hear her wind, feel the grass, listen to the water.

Watch the sun and moon- but listen, look, and feel the Earth!

### Plants Help Us by Sammy

Trees and plants help us.

They give us air to breathe.

They have food, but only some.

They give *us* food to live!

Clean up litter, and the Earth will be good.

### A Promise to Mother Earth by Bennett

I'm gonna help Mother Earth by not littering in the water

And cleaning up my mess

I will make her feel good.

It is Earth Day!

Your people

I like my adopted tree because it is an evergreen plant and I like it so much I could hug it. PS I actually did!

I will not litter the Earth.

I LOVE PLANTS!!! They are cool.

Awesome plants and Earth.

Peace for Earth!

Dear Mother Earth,

I will pick up litter

Help reuse things, like reusable water bottles

And I will recycle!

Give the Earth more clean water, trees, and no trash.
